JOINT PUBLIC HEALTH CONFERENCE

Creating the Healthiest Missouri

Co-Sponsored by

*Missouri Department of Health
& Senior Services*

September 20-21, 2023

Holiday Inn Executive Center
2200 I-70 Drive SW
Columbia, MO 65203

Education . Networking . Involvement

- ◆ *Provide information for public health professionals and governing body members, and partnership efforts to enhance the coordination of health and human services for Missourians.*
- ◆ *Provide an environment for information exchange among individuals involved in and impacted by the provision, support and use of public health services.*
- ◆ *Increase individuals' involvement in associations with a commitment to improving the health of all Missourians.*

General Session Speakers

Chris Chanyasukit, PhD, MPH, President, American Public Health Association
Paula Nickelson, Director, Missouri Department of Health & Senior Services
Jaci McReynolds, #HealthierMO
Kent A. Rader, Kent Rader Speaks

MISSOURI DEPARTMENT OF
**HEALTH &
SENIOR SERVICES**

Tuesday, September 19, 2023

1:00 - 5:00 pm

PRE-CONFERENCE SESSIONS

Missouri Enhancing School Health Services Through Training, Education, Assistance, Mentorship and Support (Missouri TEAMS)

The Missouri Department of Health and Senior Services, School Health Program is pleased to partner with the Missouri Public Health Association to sponsor an immersive training for The Missouri Enhancing School Health Services through Training, Education, Assistance, Mentorship, and Support (Missouri TEAMS). This program helps school districts increase their capacity to enhance health services for students by taking a deep dive into district's policy, procedures and infrastructure. Participating districts form a 5-member team consisting of a district health services representative (must be a registered nurse), public health department representative, a mental health professional (e.g., school counselor or social worker), a local healthcare provider or pediatrician, and a school administrator. Following the American Academy of Pediatrics (AAP) TEAMS model, the district teams are guided through a process to engage partners, assess their current health services, identify and prioritize gaps, develop and implement a strategic action plan to address those gaps, and evaluate the outcomes. (This session is open to the selected ten school districts in Cohort one and their local public health agency partners.)

Marjorie Cole, MSN, RN, FASHA, Missouri Department of Health & Senior Services; Angie Bulmahn, MSN, RN, NCSN, School Nurse Specialist, Missouri Department of Health & Senior Services; Renee Falkner, BSN, RN, School Nurse Supervision Specialist, Therapylog

Public Health Authority Training (Legal Technical Assistance)

With generous support from the Health Forward Foundation, MOCPHE is excited to partner with the Network for Public Health Law (NPHL). NPHL is prepared to offer legal technical assistance, **not** direct legal advice, in this training. MOCPHE and NPHL are proposing that this training take place in a pre-conference session, lasting approximately 3 hours. In advance of this training, MOCPHE and NPHL will work to solicit direct feedback on the types of questions and solicitations that could potentially be addressed in this training. Our goal is to tailor the material to the specific needs of the public health professionals engaging in this training.

8:30 - 9:30 am

GENERAL SESSION

Operationalizing Missouri's Foundational Public Health Services Model

Missouri has a wealth of public health resources, and the Missouri Foundational Public Health Services (FPHS) model offers a framework upon which all partners in the broad public health system can align their work, promoting a more collective approach to transforming public health in Missouri. Already local public health agencies have begun operationalizing the FPHS model to infuse health equity and build capacity in the cross-cutting capabilities and areas of expertise identified in the model. This iterative work offers the opportunity for all of us to learn and grow together. In this session, speakers will share insights from work in progress, identify challenges, highlight gaps, and uncover areas for future collaboration.

Jaci McReynolds, Project Manager, #HealthierMO

9:30 - 10:30 am

BREAKOUT WORKSHOPS

CLOSING SESSION

From Money to Funny, Three Customer Service Principles Learned on My Journey From Accounting to Comedy

From Money to Funny, Three Customer Service Principles Learned on my Journey from Accounting to Comedy to help you develop loyal customers, more profits, and less employee turnover. This keynote offers owners and managers three principles that can be implemented immediately to improve your bottom line. My unique experience as first a hospital CFO and CPA and now a professional speaker affords an entertaining and informative program filled with practical suggestions that can help organizations. Participants will learn the importance of educating and empowering employees, developing happier employees because employee relations mirror customer relations, listening to our customer's complaints to continuously improve our products and service, and, as always, stories guaranteed to make your audience laugh.
